PLAY IT SAFE WHEN HUNTING

Careless handling of firearms is a good way to get to the happy hunting grounds in a hurry.

The Virginia Rural Safety Council says hunting is a great American sport, and one which can be as safe as it is pleasant if every hunter will take the responsibility of making it so.

It's the teen-age group which suffers most from accidental death and injury from firearms, the Council says. With proper pre-hunting training these mishaps can be reduced to the vanishing point. Before letting youngsters go afield with a gun, be sure they know thoroughly the rules for safe gun handling.

One of the first requirements for safe and successful hunting is to know the gun and how to operate it. Treat every gun with the respect due a loaded gun and carry it so you can control the direction of the muzzle, even if you stumble. Keep the safety on until you are ready to shoot.

When firing be sure the gun barrel and action are clear of obstructions. Have a full knowledge of the background at which you are aiming so you will be sure where the bullets, shot pellets, or slugs will strike. Firing a gun as a flat, hard surface or the surface of water can bring disaster, for ricochets can be dangerous. At target practice, too, be sure the backstop is adequate.

Horseplay during hunting is taboo. Never point a gun at anything you do not want to shoot. Remove oil and grease from the chamber before firing.

Guns carried into camp or home, or when otherwise not in use, should be unloaded, taken down, or have actions open. Always carry guns in cases to the shooting area. After the hunting trip is over, be careful where you put the weapon. Unload and store the gun and ammunition separately beyond the reach of children or careless adults.

SPANISH CLUB NEWS

On Friday, Nov. 22, the Spanish and Latin Clubs of A. H. S. held a joint meeting. The Spanish Club president, Laura Carson, turned the meeting over to the Latin Club vice-president, Lyle Garrett. After the business was taken care of, the second year Latin students had their servants, the first year students serve candy in observance of the festival of Ceres, the Latin goddess of Agriculture.

The purpose of the joint meeting was to show the slides the Spanish teacher, Mrs. Frances Cheatham, took while on her tour of Europe the past summer. The slides were very beautiful as well as educational. Since we were unable to complete showing the slides, it is planned to finish them in a future meeting.
